The Northcoast Regional Land Trust is dedicated to the protection and economic viability of working landscapes, farms, forests and grazing lands, and to the preservation and protection of land for its natural, educational, scenic and historical values. We work with landowners on a voluntary basis to promote stewardship of Northern California’s healthy and productive resource base, natural systems and quality of life.

**CORE PROGRAM AREAS**

- **Land Conservation and Stewardship** — Protecting and restoring wild and working lands in Humboldt, Trinity and Del Norte Counties.

- **Conservation Planning** — Identifying priority lands for conservation and facilitating community dialogue about the desired future of local landscapes.

- **Building Community for Conservation** — Connecting people to place through education programs, hikes, kayaking trips and other adventures.

**EXPENSES BY CATEGORY**

- Land Conservation 76%
- Conservation Planning 2%
- Education & Outreach 13%
- Operational 9%

Since the year 2000, we have helped to protect thousands of acres of forests, wetlands, grasslands, pastures, and watersheds.

We work with landowners on a voluntary basis to monitor the stewardship of more than 25,000 acres of fish and wildlife habitat and productive working lands.

We have acquired more than 500 acres to restore natural areas and for public access and enjoyment.
